SLOAN DENTAL

LOOK YOUR BEST

The team at Sloan Dental are highly experienced and well qualified to help you look your best.

We've helped hundreds of people to look fresher and more youthful.

HOW CAN YOU LOOK MORE YOUTHFUL?

Perhaps you have seen the fantastic results that facial fillers or muscle relaxant treatments have had for friends, family, or on the pages of celebrity magazines, but aren't sure whether it could work for you?

The best way to find out is to book a consultation with us.

The treatments we offer can help to smooth and ease wrinkles and lines, deliver a fresher and more youthful appearance, improve your skin condition – and even help prevent problem perspiration.

A FEW QUESTIONS

Understandably, many of our customers have concerns when they first begin talking to us about their desire to lose a few wrinkles and get back to looking their best. These are some of the questions we get asked a lot.

Will it hurt?

No, not at all. All three treatments we offer are quick and painless. We use numbing agents with the fillers for maximum comfort.

Will it feel odd?

It may take you a day or so to get used to the fillers. However, with the muscle relaxant treatments, you can usually return to work straightaway.

Will it last a long time?

Yes. Typically, when we treat the wrinkles between your eyes or elsewhere on your face, your treatment will last around 4 months. Fillers, such as those in your lips, will last for around 9 months.

Does it cost a lot?

No – achieving the more youthful, fresher look you want is cheaper than you might think.

Muscle relaxant treatments to soften wrinkles start at £150 per treatment. Dermal filler treatments start at £280.

I've heard that the muscle relaxants can also help reduce excess sweating. Is this true?

Yes. Treatment usually lasts about 6 months. Treatments to tackle excessive sweating start at £300 for treatment for underarms.

**MY EXPERIENCE
WAS HASSLE
FREE AND I AM
DELIGHTED
WITH THE
RESULTS.”**

- TA (CARFIN).

WILL IT BE OBVIOUS?

A FRESHER, MORE YOUTHFUL APPEARANCE

We understand that you want to look younger gracefully. We always aim for a subtle approach to treatment. It will be obvious that you look more fresh-faced and more youthful, but it will be hard to pinpoint exactly why.

It's all down to a detailed consultation and a skilled and subtle treatment.

**WHEN I SMILED I USED TO HAVE 3 HUGE LINES
ON MY FOREHEAD, I FELT IT WAS THE FIRST
THING YOU LOOKED AT WHEN YOU SAW MY FACE. LIKE
A PUG DOG! I DID NOT FEEL ANY PAIN DURING OR
AFTER THE TREATMENT. THERE WAS NO BRUISING AND
I STARTED TO SEE THE DIFFERENCE AFTER 3-4 DAYS.
I AM DELIGHTED WITH THE RESULTS!"
- KK (CARFIN).**

BEFORE

AFTER

What will we talk about during the consultation?

We'll discuss your medical history, check your suitability for treatment, and discuss the pros and cons of various treatments. But really, we'd like you to think of the consultation process as a chat with a close friend. What do you like least about your appearance? What would you change if you could?

Our approach to treatment isn't about chasing a particular line or wrinkle, or pushing particular products. We'll talk about what you want to achieve, what's possible, and together agree a treatment plan that will help you achieve your goals.

WRINKLE SOFTENING

WRINKLE SOFTENING IS ONE OF THE MOST POPULAR COSMETIC TREATMENTS BECAUSE IT CAN HAVE SUCH AN IMPACT ON YOUR APPEARANCE.

WRINKLE SOFTENING

Over time, expression lines deepen and this has an aging effect.

**I WANTED TO LOOK YOUNGER AND REDUCE WRINKLES.
THE PROCEDURE WAS MUCH LESS STRESSFUL THAN
I HAD ANTICIPATED. I WOULD RECOMMEND THE TREATMENT."**

- JR (BISHOPTOWN).

HOW DO WE DO IT?

A muscle relaxant is injected into the muscles that cause wrinkles in order to soften the muscle. This prevents the development of expression lines and gives a smoother and more youthful appearance to your skin.

SKILLED AESTHETIC PRACTITIONER

All aesthetic treatments at Sloan Dental are performed by Aileen Sloan, an accredited, highly skilled and experienced professional. Your consultation will be with Aileen and together you will agree a personal treatment plan before treatment begins.

FOLLOW-UP

Depending on your personal treatment plan, your appointment will normally last between 15 and 20 minutes. We schedule a follow-up appointment a few days later to make sure you are happy. You won't need another treatment for at least 4 months.

DERMAL FILLERS

DERMAL FILLERS SMOOTH THE CONTOURS OF THE FACE. IT'S A SKILLED PROCEDURE THAT GIVES AMAZING RESULTS ON LINES, HOLLOWES AND LIPS.

SMOOTH & PLUMP

As you age, your face loses collagen in your lips, under the eyes, and from your cheeks. This collagen loss creates an aging gaunt appearance.

**I WANTED LIP FILLERS AS I FELT MY TOP LIP
DISAPPEARED WHEN I SMILED. I WAS TERRIFIED
BEFOREHAND BUT WAS RELAXED DURING THE TREATMENT.
THERE WAS A BIT OF SWELLING AFTERWARDS
BUT NO PAIN. I'M REALLY HAPPY WITH THE RESULT.
I CAN SEE MY TOP LIP NOW!"**

- KC (CARFIN).

HOW DO WE DO IT?

By injecting dermal fillers under the surface of the skin, Aileen adds volume to problem areas to restore a plumper, smoother, more youthful appearance.

MORE YOUTHFUL

Dermal fillers must be applied by qualified technicians like Aileen, but the application of dermal fillers also requires experience and artistry. Aileen is an experienced technician who instantly puts you at ease and delivers amazing results.

HYPERHIDROSIS

Excessive sweating can be an embarrassing, stressful and miserable condition; making you feel very self-conscious. But there is no need to suffer.
